

Dear Pine View parents,

Learners in grades 3-12 may be using Schoology in their classrooms and at home for it is the new Learning Management System adopted by Sarasota County Schools. Schoology is an integrated solution that provides course management, mobile learning, and support for systemwide communication. Schoology enables our learners, parents/guardians and teachers to engage with learning materials and their school community from the classroom and beyond.

Schoology has many features that will allow your child to take charge of their own learning. A few key features include:

- ✓ Collaboration with peers and facilitators from home is possible via the message board.
- ✓ No more lost papers- learners have access to ALL course materials 24 hours a day, no matter where they are, via the internet or the Schoology mobile app.
- ✓ Students will be able to receive lessons, announcements, feedback, and more!
- ✓ As a parent, you will be able to view your child's activity within the platform.

Your child already has login credentials for Schoology at their school through MYSCS. On the following pages you will find information with instructions on how to create, log into, and attach your children to your Schoology account.

If you have questions or feedback regarding Schoology, please contact your child's teacher.

Thank you!
Pine View School

A Parent's Guide to Schoolology

Welcome to Schoolology! Below you will find an explanation of the different areas of your Schoolology account. This guide is intended to help you learn how to navigate around Schoolology. For more in-depth guidance on specific Schoolology features, check out our Help Center at support.schoolology.com. You can find our online Parents Guide [here](#).

What Is Schoolology?

Teachers use Schoolology to post their classroom materials online; provide a safe forum for students to discuss their ideas and collaborate on projects; and to assign and collect homework electronically. It helps students stay organized and it keeps the class connected.

A Schoolology Parent Account gives you access to:

- The classes your child is enrolled in.
- Your child's upcoming assignments.
- School and class announcements.

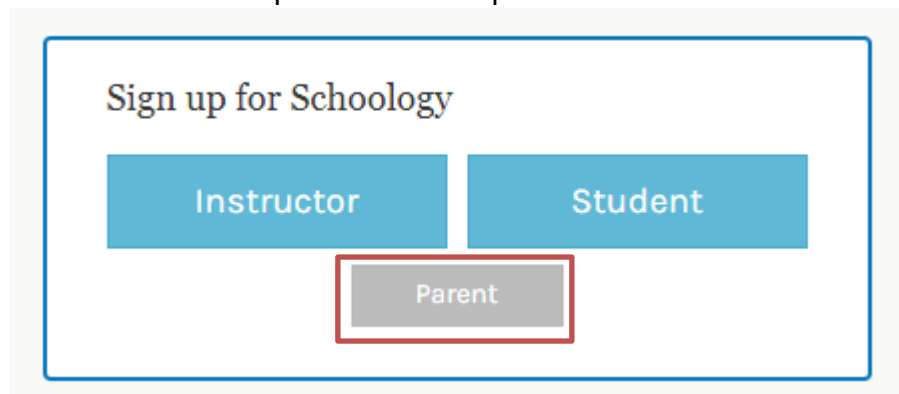

Schoolology makes it easy for parents to stay involved in their children's education.

Setting Up Your Account

Having a Parent account in Schoolology is actually like having two accounts:

1. Your personal account, with your own name and information;
2. Your Child Activity view. From here, you can view Schoolology from your child's perspective, and see what he or she sees, and receive updates about his or her activity.

The first time you log into Schoolology, you may want to set up some of your account settings to make sure you get the most out of Schoolology.

Start by clicking on the arrow in the upper-right corner, next to your name, and then select your child's name to switch into his or her account. The check mark in this drop-down menu indicates which account you are currently in.

Notifications

To set up your notifications: Click **Settings** from the drop-down menu in the upper right hand corner. From the account settings area, click into the **Notifications** tab.

Follow these steps in your own account to configure your own settings. Follow these steps in your child view to control how Schoolology contacts you about your child's school activities.

Setting Up Your Parent Email Digest

The Schoolology Parent Email Digest is a brief summary of your child's activities delivered right to your inbox. Here, you can opt to receive it on a daily or weekly basis.

The screenshot shows the 'Account' settings page with the 'Notifications' tab selected. Under the 'Parent Email Digest' section, there are four configuration options:

- Receive weekly or daily email reports of your children's activity** (instructional text)
- Email Summary:** A dropdown menu set to 'On'.
- Repeat:** A dropdown menu set to 'Weekly'.
- Time:** A text input field containing '03:00PM'.
- Day:** A row of seven buttons representing the days of the week: S, M, T, W, T, F, S. The 'F' (Friday) button is highlighted in blue.

A Parent Email Digest contains information such as courses your child is enrolled in and grade and attendance information, as well as overdue and upcoming assignments. Depending on the settings configured by your child's teachers and school administrators, an example of a Parent Email Digest might look like this:

6/24/18 - 6/25/18
